Section A: Study Information

Study ID:	308927
Asset:	Chimagen
Indication:	LBCL
Study Title:	Real-World Data Analytic Product (RWDAP) for Large B-cell Lymphoma in COTA
Study Status:	In Progress
Study Closed Date:	

Section B: Study Team

Role	Group	Name	Notes
Study Lead	RWB	Dominique Derreumaux	
Programming Specification Author	RWB	Gabrielle Simoneau	
Analytic Dataset (ADS) Programmer	RWDMP	Pratyk Gomez	
Programming Specification QC	RWB	Dominique Derreumaux	
Analytic Dataset (ADS) QC Reviewer	RWDMP	Greeta Jobson	

Section C: Programming Specification Tabs

Tab	Purpose of Tab	Status of Tab	Deadlines
1.Cover	This tab defines the basic information of the programming specification template	In progress	
2.QC Review	This tab details the QC review comments and suggested updates	In progress	
3.Data Prep	This tab details any analytic decisions that need to be applied to the source data before analytic file build	In progress	
4.StudyPop	This tab defines how to select the eligible patient population from the RWDAP	In progress	
5A.Demos	Demographic characteristics	In progress	
5B.ClinChars	Clinical characteristics (excluding biomarkers and labs)	In progress	
5C.BioVars	Biomarker variables	Not started	
5D.LabVars	Laboratory variables	Not started	
6.TreatVars	Treatment related variables	In progress	
7.Outcomes	This tab defines variables needed for outcomes analyses	In progress
